Attn: Linda Lamb, Staff Attorney

Barbara Kathleen Bates is my current patient. She has a disabling medical condition called Electromagnetic Hypersensitivity. This causes her to be very sensitive to Electromagnetic Fields resulting in adverse health symptoms. As her medical doctor it is my determination that it is a medical necessity for her to have a non-transmitting analog meter. Please contact me for any questions you have.

Thank you for your time.

Sincerely,

A handwritten signature in cursive script that reads "Valerie Chavez".
